For over 20 years, we have gathered on Good Friday to commemorate the passion of Christ through a Way of the Cross among D.C. institutions. This year, we will gather virtually.

The observance of Christ's passion is an opportunity to reflect on the ways we have broken our covenant with God at the expense of other persons and creation. For each station we will focus on a different economic or ecological challenge or sign of hope for our times. Persons of all faiths are welcome.

Please join us for this virtual prayer gathering!

If you are unable to join the virtual meeting at 12 PM on Good Friday but would like to pray this Way of the Cross another time, you can find the script and visuals from the virtual meeting at bit.ly/VirtualWOTC
